Following map only applies to the shipments going out of our Houston-TX warehouse via FedEx Ground. We ship 98% of orders out from Houston. USPS shipments and items shipped from different locations may take a day or two longer than the time frame shown on the map below.

## **If you have ordered from us before, you know you fast we are!!**

While 95% of the shipments get shipped same day and delivered on time, we DO NOT guarantee same day shipping and following delivery time frame for the other 5% due to unforeseeable delays.

If you must know delivery time to the best of our knowledge, use live chat or call us to inquire.
